Major Military Awards

The pages linked below list the names, branch of service, war or period, and more than 120,000 major awards presented to members of the U.S. Military, U.S. Civilians, and foreign allies. The top two levels (MOH/BVT/DSC/NX/AFC) are estimated to be at least 99.9% complete. With regard to Silver Stars, we estimate the USMC and USCG listings to be at least 95% complete, but the listings for other branches of service are only about 70% complete. Absence of a name for a Silver Star should NOT be considered evidence that someone did NOT get the Silver Star, especially where USA/USAF/USN recipients are concerned.

(C) Before a Name indicates Recipients for whom we have a Citation on File.
(S) Before a Name indicates Recipients for whom we a brief Synopsis, pending obtaining a citation.
(B) Before a Name indicates Recipients for whom we have little more than a name and verification of the award.
